The provision will stand, but the Dy Com is requested to submit a separate reference stating ~~stating~~ whether Allahatanga collections were not taken into account in fixing the ~~the~~ village allowance of the Thumbling ~~of the town~~ and ~~why~~ the commission was not disbursed to him during the

chiefly accounts for the increase under the head "VII Lighting". The provision is passed with the remark that the ~~rate~~ cost of lighting each lamp at Rs 1-4-0 in Cheduaghur and Rs 1-2-0 in Kadur appears excessive, ~~for~~ the rate in Bangalore being only 1 Rupee per mensem. Steps should be taken to reduce the cost

15. *III. Collections* (*a*) *Octroi.*—As will be seen from the marginal statement, the charges in Tarikere, where separate establishments are maintained as in Chikmagalur and Sringeri, are abnormally high and in Birur and Kadur the percentage remuneration payable to the village or Taluk establishments is in excess of the prescribed limit of 5 per cent. The latter will be reduced to the sanctioned scale. As regards the former, the Deputy Commissioner is requested to take steps to reduce the existing establishments to not more than 10 per cent, if the revenue does not improve in the future. In the town of Yedahalli, the salary of the Mutsaddi is proposed to be raised by Rs. 2 and apportioned between this head and IV Conservancy as noted in the margin. As no reasons are adduced for the increase recommended, the same will be disallowed and the sanctioned provision for 1894-95 will be maintained in the present Budget.

16. *III. Collections* (*b*) *Mohatarfa.*—The 2 per cent commission payable to the village establishment on account of the Mohatarfa collection is only Rs. 134, but the provision made exceeds this amount by Rs. 216, on account, it is said, of payment of arrears during the past three years The provision will stand, but the Deputy Commissioner is requested to submit a separate reference as to whether Mohatarfa collections were not taken into account in fixing the potigi allowance of the town Shanbhog and why the commission was not disbursed to him during the past three years. Pending final orders on such reference, no payment ought to be made out of the allotment.

The Municipal Board of Chikmagalur proposes the employment of a Daroga on Rs. 8 per mensem for the supervision of market stalls on the ground that many petty shops exist without being brought on the Mohatarfa list and provide Rs. 96 under the head of "IV Conservancy" instead of under "III Mohatarfa," which is the proper head. It is observed that the annual reveune from market stalls is only Rs. 80, and it is undesirable to employ a separate Daroga to look after them at a cost exceeding the rents realized therefrom. The Deputy Commissioner is therefore requested to arrange for the work being entrusted to the Shanbhog or Patel on payment of the usual percentage remuneration. He should then be held responsible for any of the shops not being brought on the list and the rents recovered punctually. The provision for Daroga will accordingly be disallowed.

18. *VII. Lighting.*—The provision made for the purchase of new lamp posts and lanterns chiefly accounts for the increase under the head "VII Lighting." The provision is passed with the remark that the cost of lighting each lamp at Rs. 1-4-0 in Chikmagalur and Rs. 1-2-0 in Kadur appears excessive. Steps should be taken to reduce the cost.

19. *VIII. Public Works (a) Supervision.*—The provision made for the purchase of surveying instruments for the use of the Public Works Overseer is passed.

20. *VIII. Public Works*—The estimates under this head include large sums provided for roads and compensation in the towns of Chikmagalur and Birur, necessitated by the extensions of those towns. In Chikmagalur, the construction of a Municipal office and bonded warehouse at a cost of Rs. 3,000 and of Market stalls at a cost of Rs. 400 in Birur are intended to be undertaken. These and other items are approved, subject to the submission of detailed estimates.

24. *XI (h) Gardens.*—Of the marginally noted increases provided under this head, the Deputy Commissioner is requested to explain fully the necessity for items 5 and 6 newly entered in the Budget of Chikmagalur and obtain sanction thereto before any portion thereof is utilized. He is also requested to state what portion of the proposed provision of Rs. 200 made in the Budget of Birur is for the purchase of plants.

Deputy Commissioners Office

Kadur District.

Chikmagalur 18th Oct: 1895.

From

The Deputy Commissioner,

Kadur District.

To

The General Secretary

to the Govt: of Mysore.

Sir,

I have the honor to acknowledge the receipt of Government Proceedings No. 806-11 / d.F. 171-94 dated 16th July last sanctioning the Budget Estimates of the several Municipalities of the Kadur District, and to submit, as requested, the following explanation on the several points referred to.

Para 4, VIII Rents.

As the sums realized by the sale of produce in gardens could not strictly be construed as rents, the

the amount estimated as the probable realization under this item, namely. Rs. 105/-, has been entered against the Sub-head (i) of X Miscellaneous in the Budget.

should appear under Receipts (Miscellaneous". The necessary transfer be made

Para 11, Item 4.

In Para 9 of Government Proceedings No. 2551-6 / L.F. 29-94 dated 13th August 1894 the provision of Rs. 50 made for the purchase of furniture was struck out, but on submission of an explanation in which the urgency of the furniture was pointed out, sanction was accorded in Para 2 of Government Proceedings No. 13624-6 / L.F. 29-94 dated 6th March 1895. This sum was not spent during the year as it was found that the furniture actually needed would far exceed the provision for

matter of fact there is little or no furniture in the Municipal office at Chikmagalur which causes considerable inconvenience when meetings, &c., are held. In view to supply this desideratum the Board in a meeting held on the 27th April 1895 resolved that a sum of Rs. 250/- be allotted for the purchase of furniture and as I consider that this outlay is indispensable, I beg that sanction may be accorded to the same.

Para 12, Items 3 and 5.

With regard to the item 3, it was found necessary to increase the amount of Contingencies to Rs. 96 as during the current year very much more work will in all probability be executed

cited in connection with the Western Extension and other improvements in the Town in consequence of which a great many plans, &c. will have to be prepared and a great deal more if country stationery, not supplied by Government, will be required for use and to meet the purchase of these requirements, the increased amount has been entered.

Item 5.

When no improvements were taken in hand, it was found difficult for the work to be efficiently performed by the permanent office Establishment but since the Extension of the Town and the increase of work occasioned not only thereby but also by daily improvements it is found that the office work cannot possibly be carried

number of Estimates have to be checked, accounts prepared and grants furnished and even with the additional hand asked for, it is feared that the office will still be overworked. Under the above circumstances I beg that sanction may be given for the entertainment of the additional hand at once.

The office has a peon at present and the services of one are absolutely necessary as otherwise it is found very difficult to send round notices to members, carry the tappal and have other menial work in office attended to. I beg therefore that the entertainment of a peon may also be sanctioned.

Para 15. III Collections (a) Octroi.

In the towns of Tanikere,

Biru

Biram and Kadur duty is recovered only on cloths and oil, and kerosine oil is not charged with duty in the two latter towns; this accounts for the very small amount of income. With regard to this a separate reference is contemplated in which Government sanction will be sought to have duty recovered on all the goods which are charged with the same in other towns. At Agjampur no duty is recovered on goods, while at Yedahally duty is charged only on cloths. It is very desirable that an uniform system should be introduced throughout the District when it is hoped the income will greatly increase. Pending the above

Contemplated reference to Govern-
ment which will be submitted
almost immediately, I beg that
the provision for the establishment
originally made may be allowed
to stand. The Municipality at present
has not only to look after the
Collections but as the funds can-
not afford the entertainment
of a separate man for supervising
the conservancy and other munic-
ipal work in the town, he has
also to do this work, and the
remuneration he gets of Rs. 6
per mensem is inadequate for
the hard and responsible duties
which devolve on him; it was
therefore proposed to give him
a small increase of Rs. 2 per
mensem and under the circum-
stances represented, I trust the

increase

increase will be allowed.

Para 16. III Collections (6) Mohaturfa.

Up to January 1893 a mutandy was entertained on Rs. 10 for collecting the Mohaturfa, &c. but in Government Proceedings No. $\frac{5954-63}{D.F.\ 157-92}$ dated 31st October 1892 his services were dispensed with and the work ordered to be given the village officials. It is found that with their other duties the collections of the Mohaturfa cannot be properly attended to by these servants without very considerable help being given them by lending them other Mutandy servants during the period of collections. A separate report this will be submitted in due course with a revised distribution shewing what sum out of the allotment is considered sufficient for the services rendered

Shamboques and hotels, after which the requisite disbursements will be made. It was due to an oversight that no provision was made under this head for the two previous years.

As regards the entertainment of a market Daroga, I have the honor to state that it will, in my opinion be impossible for either the shamboque or the hotel to attend to the duties. These servants as a rule are most indifferent to work in the Municipality and take little or no interest in it and it would never tend to any good results to entrust such work to them. If a competent Daroga were employed, he would be a means of check on the working of the Octroi Establishment as he would be in a position

position to note the quantity of articles brought into shops on which duty is recoverable, he will also be required to inspect the meat stalls daily and note the number of animals slaughtered, and fruit and fish stalls - the prevention of food unfit for consumption being sold and which is most necessary for the prevension of cholera, &c., and if it is found that he has the time, it is contemplated to depute him to make an inspection of the Municipal Lanes, during nights to see whether they are all lit. The matter received my careful consideration before the proposal was made and under the circumstances now submitted I trust the recommendation will be sanctioned.

18. VII Lighting.

The remark that the charges for lighting are high has been noted. The price of oil in this District is higher than in other places, but an endeavour will be made to reduce the charges if possible.

23. XI Miscellaneous (g) Fairs & festivals.

It was found necessary to increase the provision to Rs. 100 as that made in previous years was wholly inadequate and was generally distributed as prizes to school boys without any other amusement being provided for the public.

24. XI Miscellaneous (h) Gardens in Chikmagalur.

The number of gardeners employed in the Park is only three and if one man is deputed for sweeping, it is found that the work of watering

watering and attending to the garden beds cannot well be attended to by the remaining men. As a large number of gravel paths have to be swept daily and the grass plots kept clean, the entertainment of a sweeper instead of an additional gardener was recommended which I beg will be sanctioned. It is very necessary that there should be a resident gardener in the Park to keep a watch over the place constantly and to be in charge of the plants and tools. It is very often that flower and foliage plants are missed and there is at present no proper place for a man to stay in. A building is absolutely necessary in a Park and I would therefore recommend the provision being sanctioned.

With regard to the

of plants, &c. for of
Birus, I submit that the amount
proposed to be spent for the pur-
chase of plants alone is Rs. 75.
and the balance Rs. 125 retained
for unforseen expenses in the event
of an outbreak of cholera or any
other epedemic, &c.

Similar observation

I have the honor to be
Sir,
Your obedient Servant,

Asst Surgeon
Dy. Commissioner,

Letter, dated 15th October 1895, No. 50, from the Deputy Commissioner of the Kadur District.

I have the honor to acknowledge the receipt of Government Proceedings No. 806-11—L. F. 171-94, dated 16th July last, sanctioning the Budget Estimates of the several Municipalities of the Kadur District and to submit, as requested, the following explanation on the several points referred to.

Para 4, *VIII. Rents.*—As the sums realized by the sale of produce in gardens could not strictly be construed as rents, the amount estimated as the probable realization under this item, namely Rs. 105, has been entered against the sub-head (*i*) of X Miscellaneous in the Budget.

Para 11, *Item* 4.—In para 9 of Government Proceedings No. 2551-6—L. F. 29-94, dated 13th August 1894, the provision of Rs. 50 made for the purchase of furniture was struck out, but on submission of an explanation in which the urgency of the furniture was pointed out, sanction was accorded in para 2 of Government Proceedings No 13624-6—L. F. 29-94, dated 6th March 1895. This sum was not spent during the year, as it was found that the furniture actually needed would far exceed the provision for, as a matter of fact, there is little or no furniture in the Municipal office at Chikmagalur, which causes considerable inconvenience when meetings, &c., are held. In view to supply this desideratum, the Board in a meeting held on the 27th April 1895, resolved that a sum of Rs. 250 be allotted for the purchase of furniture, and, as I consider that this outlay is indispensable, I beg that sanction may be accorded to the same.

Para 12, *Items* 3 *and* 5.—With regard to the item 3, it was found necessary to increase the amount of contingencies to Rs. 96, as during the current year very much more work will in all probability, be executed in connection with the Western Extension and other improvements in the town, in consequence of which a great many plans, &c., will have to be prepared and a great deal more of country stationery, not supplied by Government, will be required for use and to meet the purchase of these requirements, the increased amount has been entered.

Item 5.—When no improvements were taken in hand, it was found difficult for the work to be efficiently performed by the permanent office establishment, but since the extension of the town and the increase of work occasioned not only thereby but also by daily improvements it is found that the office work cannot possibly be carried on with the present staff. A great number of estimates have to be checked, accounts prepared and grants furnished and even with the additional hand asked for, it is feared that the office will still be overworked. Under the above circumstances, I beg that sanction may be given for the entertainment of the additional hand at once

The office has no peon at present and the services of one are absolutely necessary as otherwise, it is found very difficult to send round notices to members, carry the tappal and have other menial work in office attended to. I beg therefore that the entertainment of a peon may also be sanctioned.

Para 15, *III. Collection* (*a*) *Octroi.*—In the towns of Tarikere, Birur and Kadur, duty is recovered only on cloths and oil, and Kerosine oil is not charged with duty in the two latter towns; this accounts for the very small amount of income. With regard to this, a separate reference is contemplated in which Government sanction will be sought to have duty recovered on all the goods which are charged with the same in other towns. At Ajjampur no duty is recovered on goods, while at Yedahalli duty is charged only on cloths. It is very desirable that an uniform system should be introduced throughout the District when it is hoped the income will greatly increase. Pending the above contemplated reference to Government, which will be submitted almost immediately, I beg that the provision for the establishment originally made may be allowed to stand. The Mutsaddi at Yedahalli has not only to look after the collections but as the funds cannot afford the entertainment of a separate man for supervising the conservancy and other Municipal work in the town, he has also to do this work, and the remuneration he gets of Rs. 6 per mensem is inadequate for the hard and responsible duties which devolve on him, it was therefore proposed to give him a small increase of Rs. 2 per mensem and under the circumstances represented, I trust the increase will be allowed.

Para 16, *III. Collection* (*b*) *Mohatarfa*.—Up to January 1893 a Mutsaddi was entertained on Rs 10 for collecting the Mohatarfa, &c but in Government Proceedings No 5904-6.—L. F 157-92, dated 31st October 1892, his services were dispensed with and the work ordered to be given to the village officials. It is found that, with their other duties, the collection of the Mohatarfa cannot be properly attended to by these servants without very considerable help being given them by lending them other Municipal servants during the period of collections. A separate report on this will be submitted in due course with a recommendation showing what sum out of the allotment is considered sufficient for the services rendered by the Shanbhogs and Patels, after which the requisite disbursements will be made. It was due to an oversight that no provision was made under this head for the two previous years.

As regards the entertainment of a Market Daroga, I have the honor to state that it will, in my opinion, be impossible for either the Shanbhog or the Patel to attend to the duty These servants as a rule are most indifferent to work in the Municipality and take little or no interest in it and it would be of no avail to any good results to entrust such work to them If a competent Daroga were employed, he would be a means of check on the working of the Octroi establishment as he would be in a position to note the quantity of articles brought into shops on which

duty is recoverable, he will also be required to inspect the meat stalls daily and note the number of animals slaughtered, and fruit and fish stalls, the prevention of food unfit for consumption being sold and which is most necessary for the prevention of cholera, &c., and if it is found that he has the time, it is contemplated to depute him to make an inspection of the Municipal lamps during nights to see whether they are all lit. The matter received my careful consideration before the proposal was made and under the circumstances now submitted I trust the recommendation will be sanctioned.

18. *VII. Lighting.*—The remark that the charges for lighting are high has been noted. The price of oil in this District is higher than in other places, but an endeavour will be made to reduce the charges, if possible.

23. *XI. Miscellaneous (g) Fairs and Festivals.*—It was found necessary to increase the provision to Rs. 100 as that made in previous years was wholly inadequate and was generally distributed as prizes to school boys without any other amusement being provided for the public.

24. *XI. Miscellaneous (h) Gardens in Chikmagalur.*—The number of gardeners employed in the Park is only three and if one man is deputed for sweeping, it is found that the work of watering and attending to the garden beds cannot well be attended to by the remaining men. As a large number of gravel paths have to be swept daily and the grass plots kept clean, the entertainment of a sweeper instead of an additional gardener was recommended which I beg will be sanctioned. It is very necessary that there should be a resident gardener in the Park to keep a watch over the place constantly and to be in charge of the plants and tools. It is very often that flower and foliage plants are missed and there is at present no proper place for a man to stay in. A building is absolutely necessary in a Park and I would therefore recommend the provision being sanctioned.

With regard to the provision of Rs. 200 made for the purchase of plants, &c., for the town of Birur, I submit that the amount proposed to be spent for the purchase of plants alone is Rs. 75 and the balance Rs. 125 retained for unforeseen expenses in the event of an outbreak of cholera or any other epidemic, &c.

No. 6701-5—L. F.171-94, DATED, BANGALORE, 10TH DECEMBER 1895.

ORDER THEREON.—*VIII. Rents.* The sums realized by the sale of produce of gardens should be entered not under "X. Miscellaneous" but under "VIII. Rents (*b*) Gardens." The necessary transfers will be made in the Budget of the Chikmagalur town.

2. *Head Office, Item IV. Furniture.*—The sum of Rs. 250 required for the purchase of furniture for the Municipal Board office at Chikmagalur, will now be included in the Budget, subject to a detailed estimate being submitted for sanction.

3. *Head Office, Item* 5.—The appointment of a Mutsaddi or Accountant on Rs. 10 to the office of the Vice-President of Chikmagalur and of a peon on Rs. 6, has been sanctioned in Government Proceedings, dated 9th December 1895, No. 6665-6—L. F. 386-92, and the proposed increase of contingencies from Rs. 36 to 96, for reasons stated, is approved. The provision already made to meet these charges will stand. In future, no increases to permanent establishments or other charges of a recurring nature should be inserted in the annual Budgets without the previous sanction of Government.

4. *III. Collection (a) Octroi.*—The Government will await the reference promised by the Deputy Commissioner in regard to the introduction of a uniform system of taxation in the Minor Municipalities, and, pending orders thereon, no increased provision can be allowed on account of remuneration for the collection of octroi by village officials. The increase of Rs. 2 proposed to be given to the Mutsaddi at Yedahalli on account of additional duties devolving on him, is sanctioned.

5. *III. Collection (b) Mohatarfa.*—If the village officials, to whom percentage remuneration is paid on account of Municipal collections, neglect this portion of their duty, due steps should be taken to enforce the same. The separate report promised is awaited. The employment of a Daroga to assist in the collection of market rents, &c., has been sanctioned in Proceedings No. 6665-6—L. F. 386-92, dated 9th December 1895. A provision of Rs. 64 will be entered in the Budget to meet his salary during eight months of the current year.

Local Boards Branch, Municipal, dated 10th December 1895.

6. *XI. Miscellaneous (g) Fairs and Festivals.*—The Deputy Commissioner now explains that the sum of Rs. 100 provided in the Budget of Chikmagalur, under the head "XI. Miscellaneous (*g*) Fairs and Festivals" was spent in awarding prizes to school boys. As the school at Chikmagalur is not maintained from Municipal Funds, the cost of prizes to school boys is not a legitimate charge upon those funds. The provision will accordingly be disallowed.

7. *XI. Miscellaneous (h) Gardens.*—The proposed entertainment of a sweeper on Rs. 5 and the construction of a gardener's cottage at a cost of Rs. 250 in the Park at Chikmagalur are approved.

8. As a sum of Rs. 125 out of 200 provided in the Budget of Birur for plants is said to be needed for unforeseen expenses in the event of an outbreak of cholera, the provision under this head will be reduced to Rs. 75 and the balance Rs. 125 transferred to "IV. Conservancy (*b*) Other charges."

9. Subject to the above remarks, the estimated receipts and expenditure of the several Municipalities of the Kadur District for 1895-96 will stand as shown below:—
